

Guide for Medical Billing Professionals

The Reltok Clear-Flo™ Nasal Airway

Before Surgery

Submit your Prior Authorization Request as usual. DO NOT include airway insertion or its CPT code.

Pre-Authorization of the Airway is Not Required

- If the insurer requires “pre-authorization” for the surgical procedure, do not specifically request permission to use the Reltok Clear-Flo™ Nasal Airway!
- Insurers cannot dictate what procedure(s) your surgeon must perform.
- Insurers require only the lead diagnosis or diagnoses and identification of the anticipated main or primary surgical procedure.

Refer to page 7 in Administrator's Handbook for more details.

Your distributor is underwriting the cost of having a very experienced billing consultant work with you to ensure that your first three billings go smoothly.

After Surgery

REMEMBER, refer to our Operative Report Instructions that provides appropriate details about the intranasal airway which must be included in the operative report per the CPT code, 30999-59 by report requirements.

Payments to Surgeon for Insertion of Nasal Airway Device

Payments reflect variation in policies, including differential payments for contracting and non-contracting practices, deductibles, co-pays, etc. However, no carrier, which has honored the fee, has ever automatically reduced the charge that is in contrast to the surgical procedure(s). Most carriers are honoring this charge. If not, quickly appeal.

See Administrator's Handbook for list of payers, example explanation of benefits, and Claims Appeal Module for more details.
